

How to determine your clients skin tone:

COOL pale skin, slight pinky undertones. Only suits silver jewellery

NEUTRAL pale to medium skin, yellow undertones. Suits gold and silver.

WARM/OLIVE medium to dark skin, yellow/olive undertones. Only suits gold jewellery.

Red heads with red brows, always go **WARM**. E.g. WB

DC

MICROPIGMENTATION

Brow client

Tips:

Never use a **COOL** colour alone, unless it's a red correction.

Skintop for shading. 1-2 drops per 8 drops of pigment.

Easyflow for hairstrokes. 1-2 drops per 8 drops of pigment.

If the colour looks **COOL** in the skin, add **WARMTH**.

. These pigments **DON'T** leave a red residue.
